

CENuM-RULiC Joint Workshop on Extreme Nuclear States and Reactions

Thursday, 31 October 2019

Session 4 (Chair: Kyungil Kim) (16:00 - 17:40)

time	[id] title	presenter
16:00	[9] Study of astrophysical $^{18}\text{F}+\text{p}$ system through the $^{16}\text{O}(^6\text{Li},\text{t})^{19}\text{Ne}$ measurement	
16:20	[10] Study of unbound nuclei ^{33}Ne via 1p knock-out reaction	
16:40	[11] Status and analysis plan for nuclear symmetry energy using Ni+Ni collisions in INDRA-FAZIA experiment	
17:00	[12] Track reconstruction at SPiRIT	
17:20	[13] Status of the neutron detector array for LAMPS at RAON
