

# The XXIII Annual Workshop on Soft-Collinear Effective Theory

## Tuesday, 3 March 2026

**Precision QCD - Room 1503, 5th Floor, Building 1 (09:00 - 10:30)**

time	[id] title	presenter
09:00	[37] Perturbative uncertainties in the back-to-back EEC and sensitivity to $\alpha_s$	OBERTH, Nicole
09:30	[14] A Precise $\alpha_s$ Determination from the R-improved QCD Static Energy	MENA VALLE, José Manuel
10:00	[26] Born-projected leptons in Drell-Yan final state	BALSACH, Roger
